Parking 8.1

Operating and parking of vehicles used by employees, students, and visitors are subject to regulations imposed by the college. It is the responsibility of all those that use motor vehicles to acquaint themselves with these regulations.

On the main campus, areas marked “Blue Permit” are reserved for employees displaying valid blue parking stickers. In order to park in the reserved blue permit areas, employees must purchase parking permits in the Business Services Office, 219 Kirkwood Hall. The parking permit fee is $3.00 per permit and there is no renewal fee or expiration date. A new permit can be purchased for employees who obtain a new vehicle or wish to have duplicate permits for more than one vehicle. Employees will need to provide their vehicle license plate number and show proof of employment, such as a Kirkwood EagleCard, in order to purchase a parking permit.

Handicapped spaces are reserved for handicapped employees, students and visitors displaying valid handicap stickers. Visitor’s spaces are for campus guests and should not be used by employees or students. If a particular lot is full, please make an effort to find parking in another lot. A full parking lot does not justify illegal or improper parking.

The college suggests that employees lock their vehicles at all times. Kirkwood assumes no responsibility or liability for loss or damage to any vehicle or its contents while the vehicle is operated or parked on campus.

Kirkwood has a recycling program in place. Employees are asked to set up a box or specific place at their desk for recycling paper. When the container is full, it should be taken to the department recycling bin. There should also be a designated area in each department to break down and store corrugated cardboard. There is a county-wide ban on corrugated cardboard in landfills and the college could be fined for any violations.

If an employee does not have a recycling bin in the department, he/she should contact Facilities at extension 5561.
