Subject: ATF 1st Year Re-Accreditation Certificate

Dear Mr. Fitzgerald:

Congratulations on the successful re-accreditation of your welder test facility!

The Quality Assurance Manual checklist has been reviewed and your facility has been approved for another year of accreditation.

Please note the expiration date is **July 1, 2024** one year from the original date of issuance.

On a yearly basis, you will receive a renewal notice and application as required by the QC4 Standard. If successful, you will receive another certificate with the same ATF number but with a new expiration date.

On the third year of continuous certification, you will receive a notice, application and the checklists for the re-accreditation process.

If you have any comments or questions, please feel free to contact me directly at 786 937 9643 or email me at email: accreditation@aws.org.

Again, thank you for your support of AWS welder certification programs.

Best regards,

Grethel G. Sizar Moreno
